

Polk County Amateur Radio Association
Meeting Minutes
December 9, 2006
Chuck Braun WD9GWG

A very fine breakfast was had by all at the Fox Den in Balsam Lake, WI. Our outgoing President, Chuck Braun, WD9GWG, breakfast was paid for by someone. He was truly humbled by the experience.

BUSINESS MEETING—A short business meeting was held while at breakfast. The nominations were opened for all officer positions with Carlos (N9GIM) accepting the Nomination for Treasurer, and Rick (W9WS) accepting for Vice President. Mike (KK9MC), accepted nomination for President. Mike will work closely with the Vice President in order to share the duties. Nominations were closed, a vote taken, and all nominees voted for. Good luck to the new officers. The only RACES/ARES business reported was that a meeting will be made with Amery, WI, Hospital Staff on equipment for amateur use in event of emergencies. License testing was discussed briefly.

Adjourned.

EVENT--An antenna/feed line installation occurred immediately after the meeting. The repeater tower, attached to the pent house, was lowered and a new 144mhz antenna and a hard line were installed. Some problems were still noted with the repeater but they are being looked into. Thanks to all who assisted in this effort.
